Explanation*			
<p>My name is Mario Michael Segal, I started a community interest organisation 10 years called SEESworld.org - Social Economic Environmental Sustainability, in Sydney Australia. I started the daily study of the various ways Facebook and Google manipulate people and have spent the greater part of the last decade trying to create awareness of the grave danger these organisations pose to society. During 2014 i lodged a case with the UNHCR to try and stop what i identified then as a swiftly rising pandemic caused by Facebook and Google.</p> <p>The recent action against Facebook by this office is welcomed, it fails however to address the more serious criminal conduct of these organisation. Attorney General Latitia James action will surely fail if this matter is not properly addressed by stopping Facebook and Alphabet's ability to control Public Perception. Failure to do this will allow them to continue to operate above the law. Please find in the pdf attached the exact nature of my allegations and the relief sought.</p>

Grievance Description	
<p>Most Honorable His Excellency Narendra Modi Dear Sir My name is Mario Michael Segal, I started a community interest organisation 10 years called SEESworld.org - Social Economic Environmental Sustainability, in Sydney Australia. I started the daily study of the various ways Facebook and Google manipulate people and have spent the greater part of the last decade trying to create awareness of the grave danger these organisations pose to society. During 2014 i lodged a case with the UNHCR to try and stop what i identified then as a swiftly rising pandemic caused by Facebook and Google. The recent action against Facebook by NEW YORK's Attorney General and every other state in the USA is welcomed, it fails however to address the more serious criminal conduct of these organisation. Attorney General Latitia James action will surely fail if this matter is not properly addressed by stopping Facebook and Alphabet's ability to control Public Perception. Failure to do this will allow them to continue to operate above the law. Please find in the pdf attached which outlines the exact nature of my allegations and the relief sought. Here also is the web link: https://seesworld.org/index.php/en/for-items/item/84-stopping-aiwc-ends-eco-fmcg-bullying-united-world Facebook and Google normalise Rape and Inequality, they have spent the last decade stifling and twisting the great work of Mahatma Ghandi and all the good things you try to do. I hope very much you will instruct your Attorney Generals to join their counterparts in the USA to stop the daily assault upon your people. This will start the process of recouping the trillions in lost Rupees allowing India's small business and technology to prosper.</p>
